

LaCinema Classic Bridge

DESIGN BY NEIL POULTON

Multimedia Player

Create Your Own Media Player

PC and TV Interaction

With the new LaCinema Classic Bridge, it's easy to play your movies, music, and photos on any TV, including HDTV. No configuration is required, and you'll save time and money by avoiding burning CDs and DVDs to hold all your media. The LaCinema Classic Bridge offers all of the best features of premium multimedia players, but with a reasonable price, and an expandable, customizable form factor with an award-winning design by Neil Poulton.

Easy to Use

With two ways to enjoy your multimedia files, the LaCinema Classic Bridge offers an intuitive, practical solution for playing your movies on any television. Easily plug an external hard disk or key into the LaCinema Classic Bridge and play, or insert a hard disk* (5400 RPM recommended), and instantly be able to view and enjoy all of your multimedia files. Use the included LaCie Formatter Utility to easily format your drive in one unique FAT32 partition.

Made for HDTV

Improve the look of your movies and photos on your HDTV with 1080p upscaling. With no compromise on quality, the LaCinema Classic Bridge goes one step further by adding true upscaling capabilities through certified HDMI output. This multimedia player supports a wide variety of video, photo, and music formats including MPEG-4 (DivX, XviD), JPEG, and MP3.

Get the Most From Your Disks

In addition to being easy to use, the LaCinema Classic Bridge offers convenient flexibility, as well as a new life for your old hard disks. By plugging in an external hard disk or inserting an internal hard disk, you've instantly created your own multimedia disks. You can combine both for greater multimedia storage capacity.

- Plug in any hard drive or key or add an internal hard drive
- Play your movies, music, and photos on any TV
- Connect to HDTV via HDMI (up to 1080p)
- User-friendly remote control and interface
- Store your entire digital movie library
